

## INJURED IN RUNAWAY

Democratic Candidate for Mayor in Chicago Is Injured

CAUSED BY RUNAWAY TEAM

Mrs. Dunne Was Also Injured by Being Cut With Flying Glass and the Coachman Was Hurlled From His Seat to the Street, and Injured.

Chicago, March 18.—Mrs. Edward F. Dunne, wife of the democratic nominee for mayor, has been painfully injured and Judge Dunne slightly bruised when a team of runaway horses dashed into the brougham in which they were riding. The brougham was wrecked and one of the runaways so badly lacerated that a policeman shot it.

The tongue of the carriage to which the runaway team was hitched crashed through the glass window on the left side of the brougham and struck the ceiling of the vehicle, just above the heads of the occupants.

Mrs. Dunne, bleeding from gashes about the face, caused by the flying glass, fainted and was carried into a nearby residence, where she recovered consciousness soon afterward.

The coachman who had been hurled from his seat to the street at the moment of the collision, was bruised about the head and back and probably sustained internal injuries.

### AMERICAN TOBACCO CO.

Suit Brought Against Company for Violation of Lottery Law.

New York, March 18.—District Attorney Jerome brought suits aggregating \$287,000 against the American Tobacco Company, Continental Tobacco Company, American Cigar Company and Flordora Tag Company, all of which are subsidiary companies of the American Tobacco Company for alleged violation of the lottery laws of the state.

The suit grows out of the guessing contests organized by the concerns for which prizes aggregating \$287,000 were offered. According to the penal code, even though prizes that were offered have been paid, the companies must again pay the money, this time to the county of New York, should the district attorney win the case.

### ASTORIA POSTOFFICE.

Hahn Appointment Held Up Pending an Investigation.

Washington, D. C., March 18.—The appointment of John Hahn as postmaster at Astoria is held up by the president, who has been kept informed as to the investigation pending. Several letters have been received by the president opposing Hahn's appointment and a special secret service man of the postoffice department is now in Astoria. It is very probable that Hahn's appointment will be withdrawn. Senator Fulton leaves for home tonight, but made no statement excepting that he had fulfilled his obligations and the matter now rested with the president. It is probable that Senator Fulton will recommend someone else for the position as soon as he arrives home.

### Labor Leader Convicted.

Winfield, Kan., March 18.—Arthur E. Ireland, national organizer for the Federation of Labor, was convicted here today on a charge of assault on J. D. Harrity of Arkansas City, a non-union Santa Fe machinist. He was convicted under section 42 of the statutes, which provides for a sentence not to exceed five years in the penitentiary and not less than six months in the county jail.

The assault was made in July of last year, and Ireland was accompanied by several striking Santa Fe machinists. Harrity was struck with a billy and seriously hurt.

### SAME OLD GAG.

Town in Chile Deserted on Account of Plague.

New York, March 18.—Owing to the ravages of bubonic plague not more than 500 inhabitants remain in the city of Pisagua, Chile, according to a dispatch from the Herald correspondent there.

The place had a population of 20,000 unabated fury. The snow is nearly only one doctor remains to attend to the sick, two others having fallen ill. There are 136 cases in the hospital. Twelve new ones were reported in one day, five resulting fatally.

### CELEBRATE VICTORY.

Thirteen Thousand People Celebrate Victory of Mukden.

Tokio, March 18.—Thirteen thousand persons went to Hibya park today to attend the exercises commemorative of the Japanese victory at Mukden. Members of the cabinet, elder statesmen, many officers of the army and navy

and members of the diet were present. There were sports in the afternoon and a display of fireworks at night concluding the celebration.

### ANOTHER EXPLOSION.

Ten Men Killed in West Virginia Coal Mine.

Charleston, W. Va., March 18.—An explosion occurred at the mines in the new river smokeless coal and coke company at Rushrun tonight in which ten men were killed. The explosion was in the Rush run mine and extended to Red Ash mine, nearly two miles away and great flames burst out of the mouth of both mines.

There were about seven men in each mine who stayed there at night to take care of the mines. All were killed. The interior of the mine is in such a state at this time that it is impossible for anyone to investigate.

It is also impossible at this time to ascertain the causes of the explosion.

### Anarchists at Libau.

Libau, March 18.—A crowd of 400 persons carrying red flags today made a demonstration at Dourbau and endeavored to force the agriculturists to quit work. The demonstration was finally dispersed by two companies of infantry. Many persons were arrested.

### A MORAL WAVE.

Baker City Closing Saloons and Gambling.

Baker City, March 18.—"The Lord himself does not know how far the grand jury will go," said the court, when asked today when the sensational array of indictments would cease. Forty-eight of them are on file, but the court will not permit any information to be given out concerning them until the bench warrants have been issued and the arrests made. It is problematical that more are to come, as the jury is still in session. The following Baker City saloonmen have been arrested on indictments charging them with violating the Sunday closing law:

J. W. Buckley, M. Gertridge, C. A. Hosler, William Eblin, W. B. McCarty, G. F. Shaw, David Grant, A. P. Pearce, William Wandersee, Charles Stoltz, J. Muller, Charles Bodneau, George Bronaugh, William Patterson, Ed Rawson, Ben Woods, A. Harris, W. S. Turley and James Smith.

Gus Anderson and J. W. Flugle of Bourne have each been arrested on two charges of gambling, one for Sunday violation and one for allowing boys under age in their saloons.

"Who'll be next?" is the common question on the streets of Baker City these days and the people who thought Sheriff Brown was "bluffed" when he ceased attacking open gambling and Sunday opening violations, after his raids of last fall, did not know the man. Since that time collection of evidence has been gradually going on, with the result that the work of the present grand jury promises to go down in the annals of Baker county's history.

MAKES STARTLING STATEMENT

Predicted That Man Will Be Exterminated From the Earth in Three Million Years and That It Will Only Be Inhabited by the Birds of the Air.

Chicago, March 18.—The human race will be extinct on this earth in the course of a few million years, according to Prof. Samuel Williston, professor of paleontology at the University of Chicago. While lecturing on the future of the earth's inhabitants Prof. Williston declared that, in his opinion, instead of men at this future date, which he told the students would not come for something like 3,000,000 years, the earth will be dominated by birds.

"It will only be a natural course of events that will ultimately drive men from the dominant sphere on earth," said Prof. Williston. "First came the fishes. They were dominant for a while and had to give way to the amphibians. Then came the reptiles and soon they yielded to the mammals. Now the mammals are weakening and the newest class, the birds, is growing to prominence and in time, I sincerely believe, will be the dominant inhabitants of the earth."

"Each of these classes developed to the highest degree of specialization and then began to wane. Man is developed to the highest degree now and little more can be expected of him." Prof. Williston is considered one of the leading experts in paleontology in this country and has written several treatises on evolution.

## FORTUNE IN TREE

Will Dated in 1833 and Valuable Documents Found

TWELVE ACRES OF LAND

Situated on the Island of Manhattan, \$12,000 in Cash, Silver and Plated Ware and Jewels Found in a Tree at Lincoln Park, New Jersey.

New York, March 18.—A deed transferring 12 acres of land within the bounds of New York City, a mortgage and a will, both dated December 12, 1780, and other business papers running down to 1835, together with a still ver tea service, knives, forks and spoons, six finger rings, a pair of diamond ear rings and a heart brooch, all increased in a stout tin box, have been found in the heart of an old oak tree by woodmen cutting timber north of Lincoln Park, N. J. The property was placed in the hands of an attorney to await a claimant. It is believed the box was placed there by a thief years ago as no one of the persons named in the papers is remembered in the neighborhood.

The will is that of Matthew Weatherby and transferred to his sons, Harker and Andrew, \$12,000 in money and personal property and 12 acres of land on the island of Manhattan bordering on the Hudson river, but which cannot be readily located on the present city lines from the description in the deed.

The interior of the tree was perfectly dry, and with the exception of a slight coating of mildew, the papers are perfectly preserved. Squirrels had made the cavity their home, and it was filled to a depth of several feet with nuts and shells.

He represented the Fifth Missouri district in congress from 1885 to 1889. In 1892 he was a candidate for governor, and in 1897 was voted for by the republican legislators for United States senator, when he late George G. Vest was re-elected. He was republican presidential elector in 1872, and has been a delegate to every republican national convention in the past 30 years. He was first department commander of the G. A. R. in Missouri, and from 1888 to 1889 was national commander-in-chief.

Major Warner was offered the position of commissioner of pensions by President Roosevelt upon the resignation recently of Eugene F. Ware, but declined, and entered the race for United States senator.
